Dear Customer,

We thank you for your support in ensuring the Safety & Reliability of the Electrical Power Supply and Installations in all projects and Premises in Dubai.

In order to ensure safety and reliability of power supply the following requirement for providing substation is to be implemented in all the applicable projects.

Building substation shall be constructed for projects under below categories:

1. Labor accommodation
2. Schools
3. Hospitals
4. Nursery

Please incorporate the above requirements while preparing design drawings for online submission for drawing approval.

Yours faithfully,
For **DUBAI ELECTRICITY & WATER AUTHORITY**

Rashid Bin Humaidan

(Executive Vice President-Distribution Power)
